SPECIAL NOTE:

Trail planning and construction in the cross hatched area will be on-going through 2015 and 2016. This work is based on the Trail Corridor Plan for the Phase 2C Area. Please be aware that changes are occurring. Some old motorcycle routes are being rehabilitated for use as non-motorized trails. Old routes not used in the plan will be removed and revegetated. Some new trails will also be added. For more information on the plan: www.scottsdaleaz.gov/preserve/phase2c.

Emergency markers are located on sign posts throughout the Preserve. If you need help, reference the nearest marker to assist emergency personnel in identifying your location.

Trail mileage is measured between emergency markers (●) and rounded to the nearest tenth of a mile.
